BARBOURVILLE, KY., FRIDAY, APRIL 9, 1920

ONE DOLLAR AND FIFTY CENTS A YEAR IN ADVANCE

BAD SANITARY CONDITIONS IN BARBOURVILLE

Must Be Fixed. Sanitary Engineer Coming

Dr. J. I. Whittenburg, of the State Board of Health, spoke in the Circuit Court room Monday thru the courtesy of Judge R. S. Rose, his theme being "Sanitation." He was introduced by Gov. James D. Black, who paid a fine tribute to the State Board of Health.

Dr. Whittenburg spoke of the necessity of good health above all things and said the State Legislature, recognizing the importance of good health had given more and more power to the State Board of Health, but that body prefers a community working in a spirit of good will rather than in a spirit of coercion. A fine is often a good thing, inasmuch as the individual seldom forgets to carry out the law afterwards.

The laws of health have been disregarded more than any others and at the present time, Barbourville sanitation is in very bad condition in spite of warnings from the local Health Board.

The common privy came in for strong condemnation, the speaker stating that actual tests show that flies come from them to our dining tables and carry disease germs to our families. (A description of the sanitary privy may be secured from the Agricultural Department at Washington, D. C., or thru Congress man J. M. Robison.)

The speaker said a man might be a religious man and fear God, but if he maintained a nuisance, he will have to answer for it, since he destroys or blights human life.

Barbourville, according to Dr. Whittenburg, is unsafe from a sanitary point of view and especially as it is the home of schools. Personally, he said, he would not live in the town for this reason.

The speaker told about the work being done in Louisville in the matter of doing away with venereal diseases and said a health certificate should accompany every marriage license.

Speaking on the subject of the sewers of Barbourville later, Dr. Whittenburg said that a sanitary engineer had been ordered to come and look over the sewer question and that fines would unquestionably result from the present situation which is a disgrace to a civilized city. Dr. Albright was instructed to proceed with the issuance of warrants against those who are breaking the law.

In this connection we wish to approve the public spirited action of Judge B. B. Golden, who has given carte blanche to Dr. Albright to make arrangements necessary for the passage of a sewer main pipe thru his property. He has delegated his son, County Attorney James S. Golden, to assist Dr. Albright when needed.

Among those who are ready to join with others are, the Fiscal Court, Mrs. W. B. Minton, W. C. Hopper and A. M. Decker, Sr., agent for the Model Bakery property.

Mountain Advocate \$1.50 per year.

ROAD CONTRACT LET

Judge E. N. Ingram returned Thursday morning from Frankfort where he had been regarding the letting of a contract for the pike from Pineville to Page, on the Bell-Harlan road. The contract was let to the Bailey Construction Co., of Pineville, they being the lowest bidders.

There were only three bids presented, one by a man by name of Sykes for \$168,000; one by Davis Construction Co., for \$135,000, and the Bailey Construction Co., for \$104,000. The road is to be of asphalt and 40 per cent will be paid by the County, 10 per cent by the State, and 50 per cent by the U. S. government. Work will commence at once.—The Pineville Citizen.

THE SILVER TEA

The Silver Tea given under the auspices of the M. E. Ladies Aid at the home of Gov. J. D. Black, was quite a success both socially and financially.

The house was beautifully decorated in many kinds of Spring flowers, large bouquets of plum, peach, and pear blossoms being suspended from the wide openings between the different reception rooms.

During the afternoon there were musical numbers furnished by the members of the College orchestra; also Mrs. John Stanfill, Misses Ruth Bowman and Mary Miller, and a reading by Miss Ethel Miller.

The guests were served with delicious cream, cake, candies and tea. A bonquet was also given each guest.

A handsome silver basket was placed to hold the offerings and as there was quite a crowd during the hours of receiving the treasury was considerably swelled by the generous sums contributed.

ARTEMUS NEWS.

Claude Hammons, two years a soldier of Uncle Sam, with an honorable discharge is back meeting home folks who are delighted to see him.

Miss Mima Parton of Bensville was the guest of Miss Katie Parrott Saturday and Sunday.

Mrs. Ruth Jackson was in Barbourville Saturday with her baby for medical advice.

Judge Hammons was in Artemus Friday.

Subscribe for the Advocate.

Josh Parrott of Corbin visited home folks Saturday and Sunday. McKinley Jackson and Jim Hubbard attended court Monday.

France Sealf is building a house so he can move in time to make a crop.

John Mills bought sweet potatoes in Barbourville Saturday.

Ike Taylor bought a wagon load of hay Saturday.

Mrs. Judge Hammons was the guest of her son, E. E. Hammons Sunday.

Otis Neal left hers for Knoxville Friday.

The Mountain Advocate comes to your home each week for \$1.50 a year.

N. B. HELTON AND SHERMAN BOWLES MAKE ARREST

Jabe Jackson was arrested at Fount by N. B. Helton, of Wiltou, and Sherman Bowles, of the C. & M. police department Monday. The officers went out to Fount to get Jackson, who it is alleged, is wanted on several charges. They found him at Fount Rollings store and, as the officers entered the door, he dived under the counter. They sat down and waited for some hours until they were rested, then Deputy Sheriff Helton told Jackson to come out and leave his 45 automatic under the counter. He was told that if he came out peacefully he would not be handcuffed, but if he did not he would be led. Jackson came out and surrendered and according to the deputies, he showed only a disposition to be sorry that he had gotten himself into his present fix. On his way here, he said, "I guess they call me a bad fellow, but there are lots as bad and in the future I am going to be a better boy." Many of the officials and citizens state that the arrest was so daring that the deputies should have a premium. Both the deputies are nervous men and they say that if a man is wanted they will go anywhere and get him—if not peacefully, then otherwise.

COLLEGE NOTES

The several of the students spent Easter Sunday out of town there were still a goodly number left for a happy Easter on the campus.

Miss Ross, of the Music Faculty, spent Easter at her home in Maysville, Ky.

Miss Campbell, of the Music Department, spent Easter with her sister, Mrs. Lewis, Winchester, Ky.

Darrel Archibald has gone to Homer to assist Rev. Literal, the District Superintendent, in a quarterly meeting.

The leaves on the campus are gradually disappearing, not only improving the looks of the campus, but giving open air exercise to the boys who cut study hall and Chapel.

The baseball game with T. M. U. was played last Friday and won by Union 10 to 6. Pep lasted all thru. The game started in sunlight the ninth inning ended in moonlight. Good beginning for Union. Let's keep it up.

The photographers have been on the campus all week taking pictures of the different classes and organizations for the College Annual. We are all wishing the Seniors good luck with the Annual as it is the first one put out by U. C.

Union plays Sue Bennett at London Friday, (today) and Saturday and at Barbourville the following Monday and Tuesday and Harrogate at Harrogate, Tenn., on the following Saturday.

COURT NEWS

Judge R. S. Rose opened Circuit Court Monday and found it difficult to secure juries on account of sickness in families.

The Grand Jury, consisting of: Sam Jones, Will Wynn, Finley Valentine J. F. Hubbard, John Bright, Henry Pickard, W. S. Phipps, Dan Deaton, H. B. Hudson, Zeh Garrison, Geo. W. Black and Floyd Rice, twelve men, were called, impaneled, and sworn. The Petit Jury was also impaneled. Hon. J. B. Snyder, Commonwealth's Attorney, was present and resumed his duties as such.

Judge Rose proceeded in his usual vigorous and strong way to instruct the Grand Jury along the line of their duties as to infractions of criminal and penal laws. He especially emphasized the importance of grand jurors as citizens and parts of the court to see to it and if necessary to take up nuptial tulle of the court, in the thoro probing of violations of the laws as to moonshining and bootlegging of liquor, pointing out that all good institutions, especially schools, churches, and morality of the country, are menaced by the manufacture and sale of liquor. That disorderly and criminal conduct none could come of this; that the loyal and patriotic citizens had done their part toward putting down this evil; that it is up to the Grand Jury and Court to do theirs. He called attention also to many other infractions of the criminal law, like murder, rape, larceny, carrying pistols, perjury and false swearing, especially gambling, and many other violations, too numerous to mention.

That public officers do their duty instead of winking at law violations, pointing out that no one respected the law or its enforcement when executed by officers violating it themselves.

Co-operating with Mr. H. C. Hanna, Commissioner of Agriculture, he issued instructions to the Grand Jury to go after violators of the Dog Law, of whom there are many in the County, judging by the list turned in this year as against last year's. While some 2,200 persons paid a dog tax last year, only about 1,100 did so this year and it is unlikely that this number of dogs have been destroyed. The lists for both years are of course in possession of County officials.

The trial of Chester Phelps, Bradley Smallwood and Milford (Red) Lawson, accused of the murder of a soldier, Fred Fields, near Corbin, has been set for Friday, April 9th. Commonwealth against James J. Blanton, accused of the murder of his cousin in a dispute over whiskey was set for Wednesday, April 7th.

Most of the cases thus far this week have been small misdemeanors such as gambling, carrying concealed weapons, breach of peace, etc.

TEST SEED BEFORE PLANTING

Otherwise Full Crop Cannot Be Grown Even Under the Most Favorable Weather Conditions.

Practically the only element in crop production that the farmer has completely under his own control is the planting of good seed.

It is important that farm seeds be tested before they are sown. Otherwise, a full crop cannot be grown even under the most favorable conditions.

Seed testing for practical results, says the United States department of agriculture, can be done much more easily than is generally believed.

The essential preparation for making seed tests consists of providing the simple apparatus necessary and of becoming familiar with the general purposes and methods of testing and the features of importance peculiar to tests of particular kinds of seeds. Ask the county agent, or write the department of agriculture for a bulletin.

RANGE ON NATIONAL FORESTS

Stockmen, in Drought-Stricken Districts Eagerly Sought Permits to Save Their Cattle.

The demand for range in the national forests was greater the past year than ever before in the history of the forest service, which branch of the United States department of agriculture has control of these tracts. Especially in the drought-stricken regions stockmen, using the unreserved public domain or private pastures, eagerly sought forest permits in order to save their stock. The value of the system of range regulation in use here has been so thoroughly demonstrated that representative stockmen from all the western states have declared emphatically in favor of placing the remaining unreserved public lands under federal control and having them managed under a plan similar to that in effect on the national forests.

POULTRY REQUIRE DUST BOX

As Chickens Never Cleanse Themselves by Washing, as Many Birds Do, Wallow is Needed.

Chickens never wash, as many birds do, but cleanse themselves of insects by wallowing in dust. Where board or cement floors are used in the chicken house, some means of dusting should be provided. A dust box three feet by five feet, or four feet by four feet will be found large enough in most instances, the United States department of agriculture suggests, for a flock of 50 or 60 fowls. It should be placed where it can be reached by sunlight during as much of the day as possible.

Fine, light, dry dust is best for the box, but sandy loam is good. Road dust is recommended by many, but it is often hard to secure. Coal ashes may be mixed with the soil if desired to make it lighter.

AMOUNT OF LAND FOR FRUIT

Acres Makes Good Garden, but Trees May Be Set About Back Yard and Along Fences.

An acre makes a good fruit garden, but if so much land cannot be devoted to the growing of fruit, trees set about the back yard and along the fences would give good returns for the time and labor expended upon them.

QUALIFY FOR POSITIONS AND SUCCESS

Write Professor Wilbur H. Smith, President of the famous Lexington, Kentucky, Business University, for circulars.

Great demand for graduates of this old and influential institution, at high salaries. Endorsed by Gov. E. P. Morrow and Ex-Gov. James D. Black; and thousands of its successful graduates including State Officials and 50 holding bank positions in this state.

For particulars address only WILBUR H. SMITH, Lexington, Ky.

J. A. SMITH DEAD

James A. Smith died at his home in Corbin Monday night after a four days illness. He was an employee of the L. & N. Railroad Co.

The exact cause of his death was never assigned by any of the attending physicians. All that medical skill could do was done to relieve him and prolong his life, but all efforts were futile.

Mr. Smith was about forty-five years of age and leaves a wife and three children, two brothers and three sisters and a host of friends to mourn his death. His wife was the daughter of John Williams, formerly of Little Poplar Creek. Mr. Smith was the son of Jeff and Vina Smith of Little Brush Creek.

He was a Christian gentleman and was loved by all who knew him. His fellow employees contributed beautiful floral pieces for the funeral expressing their love and esteem. He was a leading teacher in the schools of Knox County for some eight years.

A FRIEND.

MOTHER GOOSE FAIR

The Y. W. A. of the Baptist Church will give a Mother Goose Fair at B. B. I. Chapel, Friday, April 16th, from 4:30 to 9 p. m.

Mother Goose will be there with her son, Jack, and all the familiar friends of childhood lore will be at the party. Old Mother Hubbard's Cafeteria will be open and you may get your evening meal from the proverbial cupboard, and plenty of drink from Jack and Jill's pail if you will bring your individual drink ing cup.

An admission of ten cents will be charged, which entitles you to visit Humpty-Dumpty, Old King Cole's Court, take a try at Jack Horner's Pie and all other forms of entertainment provided by good Old Mother Goose for her guests.

In Mother Hubbard's Cafeteria will be tables for children and also grown-ups and a plentiful supply of good things. Come and enjoy the evening with us, and grow young again with the children.

Mrs. R. L. Creal, Committee.

CARD OF THANKS

I wish to thank my friends and relatives for their kindness and sympathy during the illness and death of my wife.

WILL JOHNSON

An Interesting Fact About A Savings Account Is,—

that it starts thrift habits which cannot be concealed.

The habit of Saving shows itself in everything you do.

Bankers base credit largely on confidence, and confidence shows plainly in the faces and acts of those who save.

Bankers are always ready and anxious to assist those who have confidence in themselves and save regularly a part of their income.

Let us assist you this year in getting yourself established as a systematic saver.

Give Consecrated Dollars

At Home or Abroad
—the church stands back of civilization

THE Presbyterian
Church has always been forward in evangelism and social service. It seeks to turn men to God and to uplift life in every community it touches.

Teaching and preaching amid the snows of the Arctic and the jungles of Africa—

Tending the sick on five continents—a colossal Samaritan ministering to suffering humanity in superstition-ridden regions, where the only hospitals are church-maintained—

Teaching India's millions to impound their waters against coming drought, showing Brazil how to plow its land, and combating Bolshevism in the mines, lumber camps, and congested areas of cities—

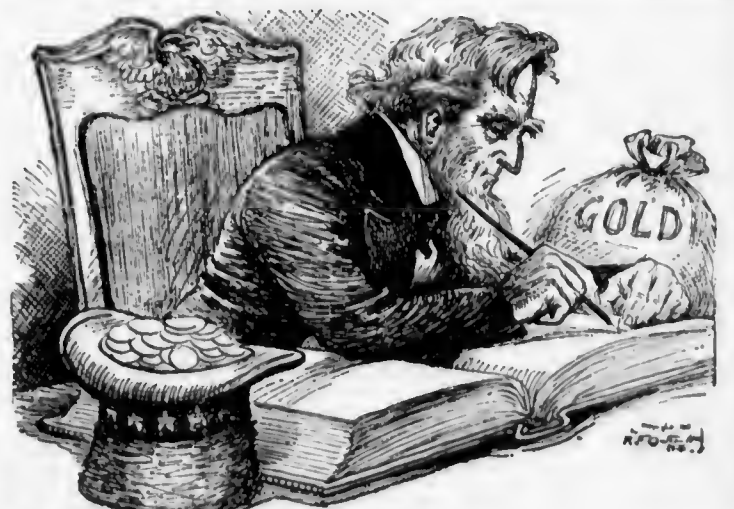

This is how the Presbyterian Church is helping to make a better world.

Every Presbyterian adherent is a partner in this magnificent enterprise. What can the church count upon from you in the financial canvass April 25 to May 2?

Attend the nearest Presbyterian Church if you have no regular place of worship

THOUSANDS PROCLAIM THE MERITS OF PE-RU-NA

Read Their Letters

Mrs. Martha C. Dale, R. F. D. 1,
Cannon, Del., writes: "I am en-
tirely cured of chronic catarrh of
the stomach and bowels by PE-
RU-NA."
Mr. J. Bayen, Glendale, Oregon:
"There is no medicine like PE-RU-
NA for catarrhal deafness."
Mrs. Kate Marquis, Middleburg,
Ohio: "PE-RU-NA cured me of
catarrh of the head and throat."
Mr. J. H. Collins, Wesson, Mis-
sissippi: "PE-RU-NA makes me
feel vigorous and able to work
without that tired, weak feeling I
usually have otherwise."
Mrs. P. Ludvigsen, Austin, Min-
nesota: "I got rid of my liver
trouble and can eat anything since
taking PE-RU-NA."
Mrs. L. Hearing, 283 East 169th
St., New York City: "For catarrh
of the head and stomach, I have
found PE-RU-NA better than any
other medicine."
Mr. W. H. Edgar, 49 Cooper St.,
Atlanta, Georgia: "PE-RU-NA
cured me after I had suffered
fifteen years with rheumatism."
Mrs. L. Ann Dodd, R. No. 3,
Medon, Tennessee: "PE-RU-NA
is a grand medicine for coughs and
colds."
So many diseases are due to cat-
arrh and catarrhal conditions,
makes PE-RU-NA the best medi-
cine in the world to have on hand
for emergencies and general health
protection. Thousands of families
are never without a bottle of PE-
RU-NA or a box of PE-RU-NA
Tablets in the medicine cabinet.
That is the safe way.
*You can buy PE-RU-NA any-
where in tablet or liquid form.

LINDSAY NEWS

Farmers are sowing oats and
green feed.

W. D. King, Jr., who returned
home on account of ill health, is im-
proving.

Dr. C. L. Heath reports Mr. and
Mrs. Will Warfield, Mrs. Green Doh-
erty and others as the victims.
Their daughter from Barbourville
has gone to nurse them.

We think it would be more ap-
propriate if the Swan Lake ball
team would play Saturdays instead
of Sundays.

Bill Turrell, Samuel Lottice and
James Rose were guests of William
King Sunday morning.

Miss Ethel Warfield went to Bar-
bourville Monday to attend B. R. I.
John H. King went to Barbour-
ville Friday.

Jess and Alex Campbell, of Place-
visited friends here Saturday and
Sunday.

Eudoxia King visited Clara War-
field at Swan Lake Sunday.

George Campbell made a business
trip to Barbourville Saturday.

The family of John Warfield has
the flu.

Uncle Palestine and Aunt Nan
Pritchard are convalescent from the
flu.

HOG WALLOW IS OF IMPORTANCE

Sanitary Type Advocated by the
United States Department
of Agriculture.

ANIMALS SUFFER IN SUMMER

Provision Should Be Made for Intake
and Outlet So That It Can Be
Filled and Drained Often to
Keep Clean and Fresh.

(Prepared by the United States Depart-
ment of Agriculture.)

It is as natural for the hog to wallow
as it is for the small boy to
scurry to the old swimming hole
with the first breath of spring. Hot
weather is hard on fat animals, the
poorly porker included. That is why
a well-made, sanitary hog wallow is
like a Coney Island bathing beach for
the hogs. A popular and serviceable
type of wallow advocated by the United
States department of agriculture
should be made of concrete about 12
inches in depth and large enough to
accommodate the herd of hogs. The
wallow should be supplied with a
satisfactory intake and outlet so that
it can be filled about two-thirds full
of water and drained every few days,
or as often as is necessary to keep the
pool fresh and clean.

Face Two Extremes.

The hog grower in many of the lead-
ing pork producing states faces two
temperature extremes during the year.
During the winter, unless he provides
comfortable houses and warm quar-
ters, his hogs are likely to suffer from
the cold, while in the summer season
he must handle the animals under
conditions of extreme heat. Any
animal as fat as the average hog
which is to be marketed in the late
summer or early fall suffers greatly
during hot weather, and unfortunately
many hog farmers neglect to provide
shelter and protection for their hogs
from the extreme heat. During hot
weather hogs need plenty of shade—
natural shade such as is furnished by
trees and bushes being the best.

Temporary Shelter.

Where natural shade and shelter
are not available, the hog owner
should put up a temporary shelter by
building a framework about four feet

Hog Cholera Thrives Under Such
Conditions.

high and thoroughly covering the top
with brush, straw, grass or hay. This
inexpensive sunshade should be of suf-
ficient size to protect a herd of hogs
in comfort as they lie under it. As a
rule, the ordinary hog house should
—but be used for shade purposes dur-
ing the summer. Each year hog mor-
tality is comparatively heavy due to
"porker sunstroke" induced by main-
taining the hogs in the open with-
out sufficient protection from the ruddy
glow of Old Sol's furnace.

GROWING SOY BEANS IN CORN

Farmers Pleased With Results Ob-
tained by Using Crops for Silage
and Hogging Down.

The Iowa agricultural experiment
station says that Iowa farmers who
have been growing soy beans in corn
for silage or hogging down, furnish
almost conclusive proof of the value
of the combination.

Some 800 farmers throughout the
state co-operated with the experiment
station in the growing of these crops.
Over 700 of these men were well
pleased with the results and said that
they would use the combination of
soy beans and corn more extensively
in the future. More than half of the
number of co-operators reported that
the yield of corn was increased rather
than decreased.

Statements such as "Didn't decrease
corn yield," "Coming crop to mix with
corn silage," "Very good crop," "Expect
to plant beans with every hill of corn
next year," were included in the farm-
ers' reports to the experiment station.

Soy beans are high in protein con-
tent, and therefore the mixed silage is
richer than corn silage. The corn
yield is not decreased on soil of good
fertility, and a yield of a little less
than one-half a ton of soy beans per
acre is received. These facts should
make soy beans a popular crop.

COULD HARDLY STAND ALONE

Terrible Suffering From Headache,
Sideache, Backache, and Weak-
ness, Relieved by Cardui,
Says This Texas Lady.

Gonzales, Tex.—Mrs. Minnie Phil-
pot, of this place, writes: "Five years
ago I was taken with a pain in my
left side. It was right under my
left rib. It would commence with an
aching and extend up into my left
shoulder and on down into my back.
By that time the pain would be so
severe I would have to take to bed,
and suffered usually about three days
... I suffered this way for three years,
and got to be a mere skeleton and was
so weak I could hardly stand alone.
Was not able to go anywhere and had
to let my house work go... I suffered
awful with a pain in my back and I
had the headache all the time. I just
was unable to do a thing. My life
was a misery, my stomach got in an
awful condition, caused from taking
so much medicine. I suffered so much
pain. I had just about given up all
hopes of our getting anything to help
me.

One day a Birthday Almanac was
thrown in my yard. After reading
its testimonials I decided to try Car-
dual, and am so thankful that I did,
for I began to improve when on the
second bottle... I am now a well
woman and feeling fine and the cure
has been permanent for it has been
two years since my awful bad health.
I will always praise and recommend
Cardui." Try Cardui today. 2-73

WANTED

Man with team or auto, who can
give bond to sell 137 Watkins home
and farm products. Biggest con-
cern of kind in world. \$1,500 to
\$5,000 yearly income. The terri-
tory in this county open. Write to-
day: J. R. Watkins Co., Dept. 112,
Winona, Minn. 23-4tp

For Rent — 3 Brick Apartments,
each containing 4 rooms. See T. F.
Faulkner. 20-5tp

The Mountain Advocate has oil
lease-blanks on hand. Can be sup-
plied in any quantity.

It's dollars to doughnuts—

no man ever smoked a better
cigarette at any price!

CAMELS quality, and their expert blend
of choice Turkish and choice Domestic
tobaccos hand you a cigarette that will sat-
isfy every smoke desire you ever expressed.
You will prefer this Camel blend to either
kind smoked straight!

Camels mellow-mildness will certainly
appeal to you. The "body" is all there, and
that smoothness! It's a delight!

Go the limit with Camels! They will not
tire your taste. And, they leave no unpleas-
ant cigarette aftertaste nor unpleasant ciga-
retty odor!

Just compare Camels with any ciga-
rette in the world at any price!

Camels are sold everywhere in scientifically sealed
packages of 20 cigarettes or ten packages (200
cigarettes) in a glassine paper-covered carton.
We strongly recommend this carton for the home
or office supply or when you travel.

PLAN INCREASED EGG PRODUCTION

Marked Attention Should Be Paid to Feeding, Housing, Culling and Breeding.

BREEDING FLOCK ESSENTIAL

Free Range or Ideal Conditions for Fowls—Clean Confinement Reduces Virus of Stock—Mash is Favored.

Poultry raisers interested in increasing egg production of their flocks will mark attention to the methods of feeding, housing, culling and breeding. Probably the least progress on farms has been made in the art of breeding poultry, says T. S. Townsend of the University of Missouri College of Agriculture, in Extension Circular 72.

To produce high layers only the best individual producers should be used as breeders. This suggests the necessity for having a special breeding flock. On farms where eggs for setting are saved from the entire flock, selection is usually based only on the size and shape of the eggs. With this system the breeder stands a good chance of setting many eggs from the very lowest producers. Even the poorest hens lay fairly well during the hatching season and their eggs are usually large and smooth. This method of mass selection of setting eggs is in the same class as the crib selection of seed corn and will bring just as poor results. The first step in improving the egg production is the establishment of a special breeding flock.

Free Range is Ideal.

No special fencing is necessary to handle the flock. Free range gives ideal conditions for breeding fowls. A pen is a great detriment to the efficiency of the breeding flock and is not at all needed on the farm. Close confinement reduces the vitality of the flock and results in poor hatches and weak chicks.

Where separate houses are available for the breeding flock and the commercial flock, free range can be given the birds in each group. If feed is kept constantly available in the mash hoppers in each house the birds will return to the proper house to lay so that the eggs can be kept separate without any attention to yards. Of course, males should be supplied only for the breeding flock, and by keeping these birds in the house until eight or nine o'clock in the morning, satisfactory mating will be insured. Some

Utility and Quality Are Combined in Fowls of This Kind.

mating may occur on the range between the hens in the commercial flock and the males from the breeding flock, but this does no special harm. On farms where there is only one poultry house, a partition can be put in to keep the two flocks separate. If it seems undesirable to allow both flocks to range at the same time, alternate the range by letting the breeders run at large one day, and the commercial layers the next. During the cool weather of the breeding season this system works satisfactorily.

Number of Breeders.

The number of birds to include in the breeding flock should be determined by the number of high-class individuals available and by the number of eggs needed for hatching. If incubators are used, enough breeders should be kept to fill the machines without holding any eggs longer than two to twelve days. Usually a production of at least 50 per cent can be expected during the hatching season. Forty breeders should furnish enough eggs to fill a 200-egg machine within ten days. However, only hens of high producing ability should be used as breeders even if it is necessary to buy some eggs for hatching.

LARGER YIELDS OF ALFALFA

Practically Double the Amount of Clover Hay Obtained in Tests at Wisconsin Station.

Trials conducted on the Wisconsin experiment station, farm at Madison show that alfalfa gives yields practically double that of clover hay and three times as much as timothy. An acre of alfalfa produced in a single season three times as much protein as an acre of clover and nine times as much as an acre of timothy.

WALKER NEWS

From Last Week

Everybody is expecting to attend church at Good Hope Easter Sunday.

Oscar Walker is sick. Mr. and Mrs. Fox Hensley, of De Witt, paid a visit to their folks here Sunday.

Martha Carnes, of DeWitt, was the guest of Miss Lucy Bingham on Sunday.

Riley Burnett and Edward Mayo swapped cows last week.

M. Walker, the busy merchant, bought 60 dozen eggs Saturday. He has lots of eggs for Easter.

Amund Walker is recovering from illness.

Allen Walker is planting onions and potatoes this week.

Subscribe for the Mountain Advocate and read the business columns too.

Millicia Lovette, of Roaring Fork was here Saturday buying garden seed from G. F. Bingham.

We will surely see everybody at the most office here.

Misses K. Isle and Francis Kinney, who have been attending the E. S. N. S. at Richmond, Ky., have returned home.

Gus Walker has most any new chandise you want. Call on him.

Rev. Lewis Townsley held services here Sunday.

SWEET DOCK.

DEWITT NEWS

Farmers are getting ready to put in corn.

John S. Carnes was at Middlefork Sunday.

Miss Martha Carnes visited Lucy Bingham Sunday.

Mrs. W. M. Burroughs, of Flat Lick, is visiting home folks this week.

Mrs. Wade Walker is on the sick list.

Mrs. Hubert Setser, of Rim, lost one of her babies last week. It was buried here Wednesday.

Martha Carnes was the guest of Mrs. Frankie Messer Wednesday.

Dave Bingham caught three cat fish Saturday.

Mrs. Walker Carnes died Wednesday from the effects of flu. The funeral was held on Friday.

Mrs. Suddie Burroughs of Flat Lick was the guest of Miss Mary Carnes Friday afternoon.

Martha Carnes visited Walker Saturday.

Everybody should sign up for the Violet's Blue home paper. It is the best paper any one can read.

Miss Myrtle Baker of Flat Lick visited Dewitt Sunday afternoon.

Suddie Messer visited her aunt, Laura Hensley last week.

ROAD FORK NEWS

From Last Week

Mrs. Lewis Townsley is well now. Perry Garland has bought a team and will do some hauling.

People have finished planting onions and potatoes.

Otto Price went to town last week to buy furniture.

Andrew Carnes has just begun to stir following the mumps.

Flu is getting better since Spring began.

Charlie Garland is sick but the doctor says it is not the flu.

Frances Crawford lost two fine cows last week from foot and mouth disease.

Bert Smith and P. M. Broughton who are attending B. B. I. spent the week end at home.

Grover Gray has the mumps.

John Hinkle has purchased a fine bunch of Southdown sheep. He says sheep raising pays.

Planting time has come and the women are dividing their garden seeds.

Ben Price was the guest of Perry Garland last week.

Joe Gray says there will be plenty of fruit this year.

Otto Gray has put in a telephone at his place and talks all the time especially to his old friend, Red Hinkle, who is attending school at B. B. I.

Dan Gray says there will be no more dull days for him now that fishing time has come.

I would like to persistently urge that every man in Knox County become a reader of the Advocate.

HAS WILLIAMSBURG FOUND THE SAME?

The Answer is Found in the Straightforward Statement of a Williamsburg Resident

We have been reading week after week in the local press of Harboursville citizens who have been rid of distressing kidney and bladder troubles by Doan's Kidney Pills, and we have often wondered whether the same high opinion of this medicine is to be found in our neighboring towns. This frank and earnest statement by a well-known and respected resident of Williamsburg will set his doubt at rest.

L. E. Martin, plumber, River St., Williamsburg, Ky., says: "My kidneys were too free and they acted irregularly. I suffered from a soreness and dull ache across my back. I used Doan's Kidney Pills, and they relieved the ache in my back and regulated my kidneys."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Martin had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. Adv.

KING NEWS

From Last Week

Several new cases of flu were reported the past week.

The Lyons Lumber Co. is moving their sawmill from Poplar Creek to Flat Creek where they will operate for some time.

John McNeill was on Sugar Tree Branch Saturday to see Chas. Lyons, superintendent of the Lyons Lumber Co., but failed to see him as he is in W. Va. at present.

Rev. J. W. Baker and wife were guests of Mr. and Mrs. T. H. Elliott Saturday night.

Charlie Campbell, wife and two children visited Mr. and Mrs. G. D. McNeill Sunday.

A large number of I. O. O. F. met Saturday evening for the transaction of important business.

Wm. Warfield called on John McNeill Sunday.

The kiddies are very anxious to know if any from King will get any strawberry plants this Spring.

J. F. Powell has made another trip to the Blue Grass which he says is very attractive to him.

Poor old Uncle Craig Sharp, whom we all know, is confined to his bed with flu, but it is hoped he will be out soon.

Note by Editor.—Yes, the kiddies will get their strawberries.

DEWITT NEWS

From Last Week

Suddie Baker, of Mud Lick, was the guest of Mary Carnes Tuesday.

Mrs. Fox Hensley is sowing oats this week.

Arthur Carnes came from Harboursville to visit his grandfather this week.

Thomas Lester is improving in health.

John M. Carnes is visiting his sister at Head the Creek.

Gus Walker went to Plaiden on Thursday on a basket of eggs.

Martha Carnes planted lettuce heads yesterday.

Arthur Morrow, son of George Morrow was buried here Tuesday.

Laura Hensley is very ill this week.

Miss Della Walker was the guest of Martha Carnes Wednesday.

Dave Bingham has paid \$200 for a mule.

Farmers are getting ready to put in corn.

Mrs. Nora Bingham returned on Tuesday after a visit to home folks.

John M. Carnes bought a mule at Arday and will plant corn and potatoes this week.

Mrs. Laura Hensley was a guest of Martha Carnes this week.

The ladies are planting garden peas.

Mrs. Mary Epperson visited Mary Carnes Wednesday.

Mrs. J. T. Messer went to Pineville yesterday.

About all Mrs. Laura Hensley is studying is garden.

Born to Mr. and Mrs. John M. Carnes, a fine bouncing boy, Tuesday, March 23rd, weight 11 pounds.

Mrs. Laura Hensley planted a bushel of onions for her husband.

Mrs. James Lester is farming this week.

Run-Down, Nervous Women

Louisville, Ky.—Last year I became terribly run-down and nervous and had the symptoms peculiar

in women of my age. Three bottles of Dr. Pierce's Favorite Prescription so completely strengthened and built me up that I felt like a different woman; my nerves gave me no further trouble and I felt better in every way.

Dr. Pierce's Favorite Prescription can be relied upon to relieve every symptom of female weakness and I take great pleasure in recommending it to all women who are run-down, nervous, or who are suffering from any of the following ailments:—MRS. OLIVER SHEPHERD, 217 N. Campbell.

IN MIDDLE-LIFE

St. Louis, Mo.—I have had much pain in my back and legs since I could hardly turn over on one side into the other—this was during the "change" and I had lost all my strength and vitality. I began taking Dr. Pierce's Favorite Prescription and after a few days I began to feel better. I took five bottles and now I feel like a new woman. I can do all my usual work and I feel like a different person. I am now 45 years old and I feel like a young woman. I am now 45 years old and I feel like a young woman. I am now 45 years old and I feel like a young woman.

INVENTIVE GENIUS ROBS CALOMEL OF LAUSEA AND DANGERS

Doctors' Favorite Medicine Now
Purified and Refined from All
Objectionable Effects, "Calotabs"
—the New Name.

What will human ingenuity do next? Smokeless powder, wireless, flying, horseless carriages, colic, tasteless quinine, — Calotabs. The "Calotabs" are a new, and a better, tablet. They are made by a new manufacturing process. They are sold by druggists to refund the price if the customer is not "perfectly delighted" with Calotabs. One tablet at bedtime with a swallow of water—that's all. No taste, no nausea, no griping, no salts. By morning your liver is thoroughly cleansed and you are feeling fine, with a hearty appetite. Eat what you please—no danger—go about your business. Calotabs are not sold in bulk. Get an original package, sealed. Price thirty-five cents.—(Adv.)

QUANTITY OF DRINK NEEDED

Mature Horse Will Consume From 10 to 12 Gallons of Water Daily—
Dairy Cows More.

Under average normal conditions a mature horse will drink from 10 to 12 gallons of water per day, and a mature beef animal about the same, while dairy cows that are milking heavily will consume from 12 to 15 gallons. A mature sheep consumes from one to six quarts of water per day, depending on the season and type of feed being eaten. Hogs consume widely varying amounts of water, depending on the season and the size and age of the hogs.

MORE PROFIT ON LESS LAND

Many Farmers Make Mistake of Trying to Farm Too Many Acres—
Better Farming Needed.

Hundreds of growers in the United States are attempting to farm too much land. Better farming on fewer acres would make more profit. Better farming means use of better seed, more manure, better balanced fertilizers, better tillage, moisture conservation, insect and disease control, and all other conditions essential to the highest yields and the best quality. Everything done right is what counts in market gardening.—Market Growers' Journal.

Rheumatism Relief—25c.

Nature's Remedy (NR Tablets). Are
Helping Thousands Who Tried Ex-
pensive Things Without Result.
It's Guaranteed.

There are three vital processes of human existence—the digestion of food, the excretion of nourishment from it and the elimination of waste. Poor digestion and excretion means failure to derive full nourishment from food and that in turn often means impoverished blood, weakness, anemia, etc. Poor elimination means an accumulation of waste matter which poisons the body, lowers vitality, decreases the power of resistance to disease and leads to the development of many serious ills.

Rheumatism, due to some interference with the process of elimination, failure to get rid of certain body poisons, cannot be expected to yield to any medicine that fails to correct the condition responsible for it. Could any reasonable person expect to rid himself of rheumatic pain as long as rheumatic poison is allowed to remain in the body?

Think of this. It explains the success of Nature's Remedy (NR Tablets) in so many cases where other medicines have failed. Thousands are using NR Tablets every day and getting relief. Why pay five or ten times as much for uncertain things? A 25c box of Nature's Remedy (NR Tablets), containing enough to last twenty-five days—must help you, must give you prompt relief and a satisfactory benefit or cost you nothing.

Nature's Remedy is not only for the relief of rheumatism. It improves digestion, tones the liver, regulates kidney and bowel action, improves the blood and cleanses the system. You've tried the expensive medicines and doctors, now make the real test. You'll get results this time. Just try it. Nature's Remedy (NR Tablets) is sold, guaranteed, and recommended by your druggist.

ANTI-SUICIDE CLUB FOR DOWN AND OUTERS

Helping Hands Stretched Out By Sal-
vation Army Workers to the
Despairing.

Many anti-suicide clubs in the state of Kentucky are quietly carrying on the work of inducing people not to take their own lives.

These clubs are among the Salvation Army's many agencies for grappling with moral and social problems. Practically every active Salvation Army corps in the state has one of these clubs—whether the agency bears the name of "Anti-Suicide Club" or not.

State Army officials report that local Salvation Army officers frequently are notified of cases of attempted suicide, or of those suffering from morbid impulses. Particulars in these cases come from police, relatives of the distressed persons, or through other agencies.

Salvation Army officers, when they hear of a case of a person being on the verge of taking his own life, immediately call on the person and give what advice or relief is necessary. By talking things over with the Salvation Army officer, the person gets a different view of things and often concludes that life is worth while.

This is one of the many agencies for good in the work of the Salvation Army, whose Home Service Campaign is on in Kentucky, May 10-20.

F. K. LANE HEADS NATION-WIDE DRIVE

Former Secretary of the Interior to
Conduct Salvation Army Home
Service Campaign.

One of the best-known men in the country, Franklin K. Lane, former Secretary of the Interior in President Wilson's cabinet, is to be the national chairman of the great Salvation Army Home Service drive, May 10-20.

Although under contract to assume charge of some great oil well properties for rich westerners April 1, ex-Secretary Lane declared that this work could wait until he had discharged his duties as head of a great campaign to raise money to help the poor and the unfortunate.

A "shirt sleeve" man himself, Secretary Lane knows what the pinch of poverty is. Born and reared a poor boy, he had many a hard knock before winning success.

In assuming charge of the campaign Secretary Lane said: "I know of no greater bulwark that could be raised against the rising tide of human unrest than to strengthen the hands of this band of self-sacrificing Christian workers who have the confidence of all men regardless of race, creed, color or position in life."

GOVERNOR MORROW GENERAL CHAIRMAN

Salvation Army Home Service Cam-
paign in Kentucky Will Take
Place May 10-20.

Governors of all states east of the Mississippi river are taking an active interest in the Salvation Army Home Service Campaign, May 10-20. Realizing the splendid work done by the Salvation Army and appreciating its earnest desire to fully meet present-day opportunities, Governor Edwin P. Morrow, of Kentucky, has accepted the general chairmanship of the campaign in this state. The state chairman is Judge Henry S. Barker, of Louisville. Judge Barker is very well known to Kentuckians. He served as a member of the State Court of Appeals, was president of the University of Kentucky, and is engaged in the practice of law in Louisville. Judge Barker has always taken a leading part in welfare work in Kentucky. Vice chairmen will be appointed for each of the thirteen districts in the state.

J. Paul Swain is the state director, with offices in the Coleman Building, Louisville. He is assisted by three division directors—H. M. Oldfield, for the Western Division; Owen R. Mann, for the Central Division, and C. C. Canfield, for the Eastern Division. Charles W. Morris, Louisville, is chairman of the Speakers' Bureau, and George E. Stephens is state publicity director.

In accepting the general chairmanship of the campaign Governor Morrow said:

"The splendid work of the Salvation Army appeals to the heart of all who are familiar with the work accomplished by its unselfish, devoted officers and members. Wherever the Salvation Army carries on there you will find a need supplied; a foot-sore unfortunate comforted; a hungry one fed; an aching heart given succor of sorrow. I appeal to the great heart of Kentucky to respond generously to the call of the Salvation Army in its Home Service Campaign. Let us not be outdone by other states in rallying to the support of an institution which has done and stands waiting to do its full share, beneficent and running over, for the homeless and the afflicted."

TRAVELING MAN NEARLY GAVE UP

Thought He Would Have To Quit
Road—His New Life and Energy
Since Taking Tanlac

"Yes, sir, I can recommend Tanlac and am glad to do so, for it set me right five months ago and I'm still feeling fine," was the statement made by E. T. Bailey of 811 Second Street, Louisville, Ky., while discussing the medicine with friends at Taylor Isaac drug store, in Louisville, recently.

Mr. Bailey, who is a traveling salesman, has represented Colgate & Company for the past five years and is one of the best known and most popular "Knights of the Grip" traveling out of Louisville.

"I feel deeply grateful to the manufacturers of Tanlac," continued Mr. Bailey, "for getting out such a great medicine. It certainly has done good work for me and I think everybody ought to know about it. At the time I began taking it I had been unfit for business for several weeks. My appetite had left me and my stomach was so upset that I could not eat anything without suffering severely afterwards from indigestion. I was constipated all the time, felt drowsy and dull and had no energy. I was nervous and irritable and had reached the point where I thought I was going to have to stop work and go under treatment. In fact, life seemed hardly worth living.

"I had read so much about Tanlac and had heard so many people in my rounds talking about how it had helped them that I concluded to try it, and it's a fact when I tell you I was feeling like a new man by the time I had finished the first bottle. After finishing the second bottle my stomach was in fine shape and I've been in top condition ever since. As I said, that was five months ago and I am still eating just anything I want and haven't an ailment of any kind. I have never been much of a hand to praise any kind of medicine, but I can certainly recommend Tanlac. What I took has been worth many times its cost to me and I am convinced that there's nothing like it for any sort of stomach trouble and a run-down condition. Yes, sir, I am glad to recommend Tanlac, for I believe it's the very best."

Tanlac is sold in Barbourville at the Cut Rate Drug Co.—Adv.

GRIDLER NEWS

Mr. and Mrs. Charlie Carty and family visited his sister, Mrs. D. M. Jackson at Cannon Sunday.

Mrs. Ellen Mills and family visited her daughter, Mrs. Williamson Sunday.

George Hammons, our hustling merchant, went to town Monday on business.

Rev. Elijah Hubbard filled his regular appointment at Swan Pond on Saturday and Sunday.

Mr. Parson, from Hurlan County, moved to this place last week. We welcome them as we are glad to have new neighbors and wish him good luck and success in his new home.

Lewis Jones, Gracie Jones, Mamie Bolton, Alice Gamble and Fina Mills went to town Sunday and all had a good time.

Tip Warren was in town Monday. Mrs. Grant Hammons returned Monday from Corbin where she had been visiting friends and relatives.

Matt Calles and wife took dinner Easter Sunday with Mr. and Mrs. Henry Payne.

Walter Gibbons came home last week from Ohio where he has been at work.

John Hall bought a tract of land from Si Hamons last week.

The Most Welcome Tire That Ever Came to Market

Men Who Appreciate Superlative Values Prefer The Brunswick

In every great tire factory, the chief question is: "How much can we give for the money?" And the product depends on the policy adopted.

Every man who has become acquainted with Brunswick Tires knows that Brunswick standards are again evident. This famous concern—noted as a leader in every line it entered since 1845—has once more proved that its policy is right.

A perfect tire is simply a matter of knowledge and standards and skill. No secrets nor patents prevent making an ideal tire.

But standards come first. For in tire making there is vast room for skimping, for subtle economies, for hidden shortcomings. Makers without the highest standards don't build high-grade tires.

The Brunswick organization of tire makers includes a brilliant staff of technical experts. Not a man

among them has spent less than 20 years in handling rubber.

Each is a master of his craft. And the new ideas they bring to the attention of Brunswick directors receive sincere consideration.

Every proved betterment is adopted unanimously.

The Brunswick Tire is a combination of acknowledged features—plus Brunswick standards of manufacture.

The result is a super-tire, the like of which you have never known before. The kind of a tire you will gladly join in welcoming.

Yet Brunswicks cost no more than like-type tires.

Try ONE Brunswick. We promise a surprise. And we feel certain that you will want ALL Brunswicks.

Then good tires will have a new meaning to you.

Catarrh is a Real Enemy and Requires Vigorous Treatment

Do Not Neglect It.

When you use sprays, atomizers and douches for your Catarrh, you may succeed in stopping the choked-up air passages for the time being, but this annoying condition returns, and you have to do the same thing over and over again.

Catarrh has never yet been cured by these local applications. Have you ever experienced any real benefit from such treatment?

Throw these makeshift remedies to the winds, and get on the right treatment. Get a bottle of S. S. S., and begin a treatment that has been praised by sufferers for half a century.

S. S. S. gets right at the source of Catarrh, and forces from the blood the germs which cause the disease. Special medical advice regarding your own case free. Address Medical Director, 106 Swift Laboratory, Atlanta, Ga.

There will be a Communion service at the Presbyterian Church next Sabbath Morning and a public reception of new members. Services in the evening also.

Franklin & Cannon state that they are doing a good business and certainly appreciate the goodwill of their friends. They especially wish to stress the fact that their store is a one price store for all and that children receive courteous attention.

The Knox County Fiscal Court has ordered the road between Barbourville and Corbin and Barbourville and the Bell County line put in good condition at once and bridges repaired. This road goes via Fighting Creek.

The Athletic Association of B. B. I. gave a very enjoyable 10c social Monday night at the chapel, the proceeds of which go toward fixing up the ball grounds and tennis court. A good crowd attended and had a good time.

Rev. J. P. Ruggles, who recently saw H. C. Stewart at Williamsburg, states that the company is figuring on a \$100,000 plant for Barbourville. When the plans for the knitting mill are complete, we shall learn what they want from us.

Barbourville offers a splendid location for a furniture factory such a plant, begun in a modest way by local capital could become a big business. We are in the center of a big population and have the wood right on the ground. We believe it would pay from the start.

Judge E. B. Dishman, who is out at the Springs, reported to G. W. Tye, who was out there Monday, that he is improving rapidly thru drinking the elixir of life which bubbles from Nature's subterranean laboratory. It's a great mineral water.

J. P. Fox, from four miles down the river, and who is in charge of the blacksmith shop at the Charles Coal Company mine, was released from petit jury Tuesday on account of being badly needed at the mine. While here he joined the Advocate family.

J. R. Murphy, our competent street engineer, is now making a map of the city, a thing that has long been needed. He also states that all but two of the streets which will be treated with asphalt have been surveyed and contracts will be let on April 23rd. It is hoped to begin actual work by May 15th.

V. C. McDonald has gone on to Frankfort to fill the position of Secretary of the Compensation Board. Those who know his ability and power to eat up work feel that he will make a brilliant success of his department. Mrs. McDonald, who is visiting brother Henry in Louisville for a few days, will go on to Frankfort shortly.

N. B. Helton, of Wilton, was in town Thursday to be fitted for eye glasses by J. Efron, eye specialist. Mr. Helton is suffering from weak eyesight. He was sworn in as deputy sheriff for Wilton by E. V. Bargo while in town. He states that he will really be sheriff while he holds office and will make the best effort he can for the people.

Altho Ben H. Moore was not able to be up on Easter Sunday, he was made happy by several visitors. Mrs. A. N. Herndon was among the first and she brought some beautiful car nations, which have been cheering the sick room ever since. The other visitors were:— Mr. and Mrs. Ed Pritchard, Mrs. Jennie Jackson, Mr. T. F. Faulkner, Mrs. C. F. Heidrick and Mrs. J. A. Mott.

Keep An Eye On Your Eyes

Concerning Headaches

Just what takes place in a head that causes it to ache has never been scientifically determined. Just what takes place in an arm or leg that produces an ache after hard labor, no one understands.

There are several theories, however, and one is that the ache follows the exhaustion or depletion of nervous energy. Nervous energy, in turn, being described as the force obtained thru proper assimilation of food in a healthy body.

In cases of eyestrain where there is no direct pain in the eye, the discomfort is usually manifested in the form of a dull ache, or pain, in the head.

Eye-ball Headache.—Pains in the eye or eyeball are almost wholly due to defects of vision and can be relieved by properly fitted glasses. If worn in time, but a person should not neglect these eyeball pains, because they are often the forerunners of more serious eye troubles.

Frontal and Temporal Headaches.—These headaches are very often due to muscular eye-strain, but less frequent pains in these regions may be due to dyspepsia, constipation or nasal troubles.

Vortex and Parietal Headaches.—Headaches in these regions are most frequently caused by neurasthenia, anaemia, hysteria and diseases of the maxillary bone and tongue.

Occipital Headaches.—Here we encounter eyestrain headaches once more. In fact, they are more common in this region—especially in women—than in any other part of the head. Probably 75 per cent of all headaches in this region are due to prolonged "accommodation" or strain of the eyes.

When frequent headaches occur, especially after reading, sewing or following sight-seeing trips, it is best to go at once to a competent Optometrist (eyestrain specialist,) and ask for advice, for nearly all eyes are, more or less, optically imperfect, the practical question in each case being whether the imperfection is of sufficient importance to warrant its correction.

KEEP AN EYE ON YOUR EYES.

Eyes examined without drugs. Glasses prescribed only when Examination shows their need.

J. EFFRON, O. D.

Sight Specialist

Over Cole & Hughes Store

Barbourville, Ky

Dr. and Mrs. Albright and Miss Lillian delightfully entertained at a six o'clock dinner Monday night. The dinner was in honor of Dr. J. I. Whittemburg, of the State Board of Health, Louisville. Other guests who shared the charming hospitality were Mayor and Mrs. T. D. Tinsley, Mrs. T. H. Haden, Jr., Mr. and Mrs. Fred Burman.

Mrs. W. W. Sawyers is a chicken fancier. She pins her faith on white Plymouth Rocks and last January began keeping tally as to what real hens can do. In January the Messdames Biddies produced 488 eggs for 32 hens, Feb. 482 and March 608. Mrs. Sawyers has been selling settings to the Kentucky Hatchery at \$6.00 per 100, they paying the express. Home people may buy the eggs 15 for \$1.00.

Mrs. Ellis Elam, from above Artemus, knows the value of chickens and states positively that they will pay. Her fancy runs to white leghorns which have to be fed only once a day when given range. They are little rustlers. Mrs. Elam is selling her chickens at 25c a pound and is getting lots of eggs which sell from 30c to 35c a dozen. She now has an order for 100 leghorns at \$1.25 each. Most of them are full blood, and these she is separating from the rest of the flock.

Dr. Osier's theory is again knocked in the head. Our friend, A. M. Decker, has been travelling salesman for the Swann-Abram Hat Co., of Louisville, for the past thirty-seven years. (We believe it only because he asserts it—no must have gone into the game young) and in competition with seventeen other salesmen of younger heads, he carried off the palm for sales during March, his sales totaling \$17,835.11. What are a few years to a man of presence, and persuasiveness?

Judge M. J. Moss, of Pineville, was here Tuesday on Court business

S. D. Stacy representative of Armour's, was here Tuesday on business.

See those pretty Volle Dresses at England's. They are just as pretty and just as cheap as the dresses you can order from The National.

The assessment for Knox County as shown by the Assessor's book (taxable property) is \$3,368,422.00, subject, however, to raising or lowering by the State Board. The amount will no doubt be raised.

The notice comes a little late but the Civic League will follow its former custom and pay 10 cents a hundred for flies swatted in the house during April. Much can be accomplished by killing the early flies.

Latest reports in regard to Miss Roberta Cole, who is in St. Joseph's Infirmary, Louisville, following an operation for the removal of her tonsils, are that she is doing nicely. Her father, Robert W. Cole, who went with her, returned home on Wednesday.

Invitations have been sent by the local Federated Women's Clubs to all other federated clubs of the 11th District to attend the District Convention to be held here April 27th. All sessions will be held in the Christian Church and the public is invited to attend. There will be several speakers of note.

Mrs. J. B. Snyder, of Williamsburg, who has been spending the winter at Daytona, Fla., came in Monday to spend the week with Commonwealth Attorney Snyder who is attending the April term of Circuit Court now in session here, and who is looking after the interests of the State in matters pending in court.

PRODUCERS BENEFIT BY MEAT INSPECTION

Foreigners Insist on Federally
Inspected Product.

Possible to Obtain Detailed Records of
Conditions of Animals at Time of
Slaughter—Diseases Can
Be Traced.

(Prepared by the United States Depart-
ment of Agriculture.)

"Contrary to the common belief that meat inspection is conducted principally for consumers, it has a side which is of direct help to live stock producers," says the chief of the bureau of animal industry. "In the first place, the bulk of our foreign trade in meats depends almost entirely on the federal meat-inspection service. Most foreign governments will not accept meat that has not been federally inspected. Inspection of import meats,

Inspectors at Work on Regular Post-mortem Examination.

accompanied by rejection of meat products not entitled to entry, is of course a factor in our domestic market.

"Through the federal meat-inspection service it has been possible to obtain very detailed records of conditions of animals at time of slaughter. These records show clearly whether certain animal diseases are on the increase or decrease, and, through a system known as field inspection, centers of infection have in numerous cases been found and wiped out.

"Of course, the main benefit of federal meat inspection to producers is the confidence of the American public in inspected meats, and it is noteworthy that the average per capita consumption of meats has increased as the meat-inspection service has been extended."

Shoulders All Baking Cares

When CALUMET comes in, all baking troubles take quick leave. You go right ahead and mix up baking materials, for biscuits—cakes—anything without fear of uncertainty. Calumet makes you forget failure.

CALUMET BAKING POWDER

Is the most popular because it does give most perfect results. It has the biggest demand because it is the most dependable. The fact that it is the biggest seller proves that it is the best. A trial will convince you that there is none just as good. Buy Calumet—if you are not satisfied take it back and get your money back.

Calumet contains only such ingredients as have been approved officially by the U. S. Food Authorities.

You save when you buy it.
You save when you use it.

WHY HAVE "SPRING FEVER"

Why Worry, Fret, and Get Nothing
Done, Just Because Your
Blood Is Sluggish?

YOUR BLOOD NEEDS STRENGTH-
ENING

People Nowadays Take That Won-
derfully Effective Blood Tonic,
Pepto-Mangan—Your Druggist
Has It

Really, isn't it foolish to be hand-
icapped for weeks in the Spring, just
because your blood is sluggish?
The glorious Spring days! You
ought to enjoy them instead of feel-
ing unhappy and half asleep—just
too tired for anything. You ought
to be finding new vigor for
your work in the Spring air—"pep"
enthusiasm, happiness!

But you can't because your blood
is clogged with poisons. For long
months it has had too little fresh
air and has fought off many germs.
And now it has heat-making prop-
erties that are not needed in warm
weather.

Don't work under a handicap,
when it isn't necessary at all. Clear
up your sluggish blood. Give it help
Get some of that famous blood puri-
fier and tonic, Pepto-Mangan.

Pepto-Mangan is used by physi-
cians everywhere. You can buy it
in any drug store in either liquid or
tablet form, just as you prefer.
There's no difference in medicinal
value.

Make certain that you get the
genuine Pepto-Mangan. Ask for
"Gude's" "Pepto-Mangan" and see
that the name "Gude's" is on the
package.—Adv't.

SPRING IS HERE BUT ARE YOU READY TO PARTAKE OF PLEAS- URES OFFERED?

Trutona Is Daily Winning Unstinted Praise From
Hundreds For Overcoming Tired, Draggy 'No-
Account' Feeling So Prevalent During The
Present Season

Does the coming of Spring with
all its pleasures mean anything to
YOU?

"That all depends," may be your
answer and admittedly "it all de-
pends"—in all depends upon whether
or not your system has withstood
the exacting siege of winter that
leaves in its wake so many many
thousands of people with completely
run-down systems.

In fact, conspicuously in minority
are those who have completely av-
oided the ravages of winter mla-
dies. True, there are thousands who
were successful in warding off at-
tacks of influenza and still more
thousands who escaped pneumonia,
but WHO IS THERE THAT DID
NOT EXPERIENCE AT LEAST
ONE HEAVY WINTER COLD DURING
THE PAST SEASON? Remember,
only second in severity to pneu-
monia and influenza, is heavy, win-
ter cough or cold.

Like pneumonia and influenza,
winter coughs and colds tend to
weaken and materially affect almost
every vital organ of the body. Peo-
ple who have suffered a heavy win-
ter cough, yet feel that their systems
have escaped the strain of winter
weather, are sadly mistaken. If
they could but grasp the fact, they
would not wonder why they feel so
tired, sluggish, lifeless and general-
ly out-of-fix, when they know they
should be full of "pep" and vitality,
in perfect harmony with the invigor-

ating breezes and sunshiny weather
of Spring.

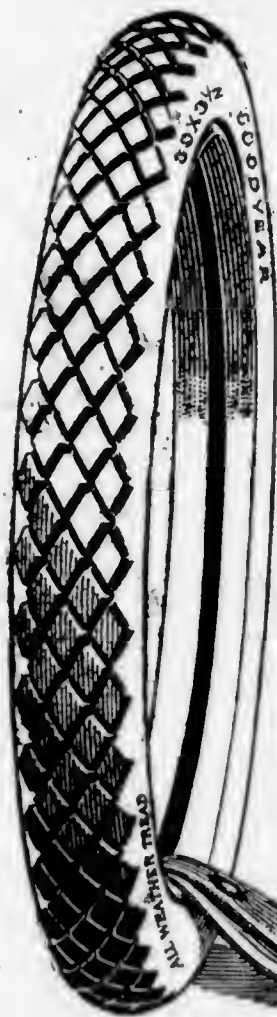

Thousands of people are now tak-
ing Trutona, the Perfect Tonic, to
overcome this weakened physical
condition so prevalent at the close
of winter and hundreds of public
statements now being made daily,
prove that none has been disappoint-
ed in Trutona as a reconstructive
agency, system purifier and body in-
vigorant.

Trutona does its work quickly.
It speedily attacks the impurities in
the blood that might, if left alone
bring serious results. It rebuilds
broken down tissues, strengthens
nerve centers and produces proper
digestion and assimilation of food,
at the same time throwing off any
decayed matter that may have ac-
cumulated. In short, Trutona thor-
oughly and efficiently tones up
every organ of the body and gives
to your physical being the vigor
and vitality, which none can place
within your reach the many pleas-
ures which Spring offers to the
healthy man and woman.

Trutona is sold in Barbourville at
Costello Drug Co.

For Sale—Two Story Brick Build-
ing, New, 7 Rooms and Basement.
Hardwood Floors. Nicely Plastered
and Finished. Corner Knox and
Allison Ave. Lot 156x102. Cousin

Tires for the Smaller Cars— Built With Goodyear Methods

In using its immense resources and inventive
skill to build the highest relative value pos-
sible into tires, this company has never made
its work more effective than in Goodyear
Tires for the smaller cars.

These have the full advantages of Goodyear
competence and care, plus the modern facili-
ties of the factory we are devoting to the
world's largest production of 30x3-, 30x3½-,
and 31x4-inch sizes.

The sum of this extraordinary effort is avail-
able to you, as the owner of a Ford, Chevro-
let, Dort, Maxwell, or other car using these
sizes, at the nearest Goodyear Service Station
Dealer's place of business.

Go to this Service Station Dealer for these
tires, and for Goodyear Heavy Tourist Tubes.
He is ready to supply you.

30x3½ Goodyear Double-Cure
Fabric, All-Weather Tread \$23.50

30x3½ Goodyear Single-Cure
Fabric, Anti-Skid Tread \$21.50

Goodyear Heavy Tourist Tubes are thick, strong tubes that
reinforce casings properly. Why risk a good casing with a
cheap tube? Goodyear Heavy Tourist Tubes cost little more
than tubes of less merit. 30x3½ size in water- \$4.50
proof bag.

GOOD YEAR
